

YOUTH BIOINFORMATICS SYMPOSIUM

**Exploring
Computational Biology
for Middle and
High School students**

**Monday, May 11, 2020
Live Webinar Event**

Keynote Speakers

Dr. Judith Blake
The Jackson Laboratory

Dr. Nicola Mulder
University of Cape Town

Workshops on:

Applications of Deep Learning to Computational Biology Problems
Analyzing Genetic Data Using the R Programming Language
High-throughput Sequencing Modeled Through Integrative Genome Viewer
Introduction to Computational Neuroscience
