The RECOMB/ISCB Conference on Regulatory and Systems Genomics with DREAM Challenges

(RSGDREAM) presents the latest findings in regulatory and systems genomics, fosters discussion about current research directions, and establishes new collaborations that advance the development of a systems-level understanding of gene regulation.

On average 70% of attendees are from the United States and the remaining attendees are from Europe, Canada, Asia, Africa and Australia.

The conference features **keynote presentations**, **oral abstract presentations** and **poster presentations**.

Total attendees expected in 2019: 300

Your organization can play a visible role in RSGDREAM as attendees consider and work toward solutions to important scientific and medical problems being addressed by the bioinformatics community. Sponsors can be assured their support of this conference aids in continued research and dissemination of knowledge in this diverse field.

Whether you are looking to boost sales, bolster awareness or recruit top candidates in computational biology and bioinformatics, RSGDREAM provides an excellent opportunity for targeted exposure.
